Forward Looking Statements

Forward Looking Statements

This presentation contains forward-looking statements that are based on management's beliefs and assumptions and on information currently available to management. In some cases, you can identify forward-looking statements by the following words: 'may,' 'will,' 'could,' 'would,' 'should,' 'expect,' 'intend,' 'plan,' 'anticipate,' 'believe,' 'estimate,' 'predict,' 'project,' 'potential,' 'continue,' 'ongoing,' 'targeting,' or the negative of these terms or other comparable terminology, although not all forward-looking statements contain these words.

These statements involve risks, uncertainties and other factors that may cause actual results, levels of activity, performance or achievements to be materially different from the information expressed or implied by these forward-looking statements. Although we believe that we have a reasonable basis for each forward-looking statement contained in this presentation, we caution you that these statements are based on a combination of facts and factors currently known by us and our projections of the future, about which we cannot be certain.

These assumptions and our future performance results involve risks and uncertainties (many of which are beyond our control). As a result of these risks, we cannot assure you that the forward-looking statements in this presentation will prove to be accurate. Furthermore, if the forward-looking statements prove to be inaccurate, the inaccuracy may be material. In light of the significant uncertainties in these forward-looking statements, you should not regard these statements as a representation or warranty by us or any other person that we will achieve our objectives and plans in any specified time frame, or at all. We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law. You should evaluate all forward-looking statements made in this presentation in the context of the risks and uncertainties disclosed in our filings with the Securities and Exchange Commission ("SEC"). All of the Company's SEC filings are available online at www.sec.gov, www.sohohouseco.com or upon request from Soho House & Co Inc. The forward-looking statements included in this presentation are made only as of the date hereof. The Company undertakes no obligation to publicly update or revise any forward-looking statement as a result of new information, future events or otherwise, except as otherwise required by law.

Market data and industry information used throughout this presentation are based on management's knowledge of the industry and the good faith estimates of management. We also relied, to the extent available, upon management's review of independent industry surveys and publications and other publicly available information prepared by a number of third-party sources. All of the market data and industry information used in this presentation involves a number of assumptions and limitations, and you are cautioned not to give undue weight to such estimates. Although we believe that these sources are reliable as of their respective dates, we cannot guarantee the accuracy or completeness of this information, and we have not independently verified this information. Projections, assumptions and estimates of our future performance and the future performance of the industry in which we operate are necessarily subject to a high degree of uncertainty and risk due to a variety of factors. These and other factors could cause results to differ materially from those expressed in our estimates and beliefs and in the estimates prepared by independent parties.

Non-GAAP Financial Measures

This presentation contains certain financial measures, including Adjusted EBITDA, House-Level Contribution and Margin, Other Contribution and Margin, Net Debt and certain financial measures presented on a Constant Currency basis that are not required by, or presented in accordance with, accounting principles generally accepted in the United States of America ('GAAP'). We refer to these measures as 'non-GAAP financial measures.' We use these non-GAAP financial measures when planning, monitoring and evaluating our performance. While we believe that these non-GAAP financial measures are useful in evaluating our business, this information should be considered as supplemental in nature and is not meant as a substitute for revenues or net income (loss), in each case as recognized in accordance with GAAP. In addition, other companies may calculate one or more of these measures differently, which reduces the usefulness of any such measure as a comparative measure. See Appendix for a definition of these non-GAAP financial measures and a reconciliation to the most directly comparable GAAP financial measures.

The information in this presentation should be read in conjunction with our Quarterly Report on Form 10-Q and other information that we file with the SEC. The reconciliations of non-GAAP financial measures are an integral part of the information presented herein. You can access these documents on our website, www.sohohouseco.com, free of charge, as well as amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Exchange Act, as soon as reasonably practicable after such material is electronically filed with, or furnished to, the SEC. The information contained on our website is not incorporated by reference into, and should not be considered a part of, this presentation. In addition, the SEC maintains a website that contains reports, proxy and information statements, and other information regarding issuers, including the Company, that file electronically with the SEC at www.sec.gov.

Focusing on Membership and Profitability

Grow and Enhance Membership

SOHO HOUSE
& CO Inc.

We are focused on growing and enhancing membership value proposition to drive long-term recurring revenue

- Growing and enhancing membership remains the core driver of our business; strong foundations in place
- Focusing on core Soho House business as key driver of global expansion and improved profitability
- Optimized new House growth to deliver the best experience at our existing Houses

Operational Excellence to Drive Profitability

We are focused on delivering operational excellence to drive profitability and free cash flow

Drive enhanced profitability through

- ✓ Better expense management
- ✓ Streamlined G&A
- ✓ Optimized events, menus and pricing
- ✓ Procurement savings
- ✓ Rationalized supply chain

SOHO HOUSE & CO Inc.

Growing and Enhancing Member Experience

Continued focus on implementing initiatives to enhance member experience

- Member satisfaction scores continue to show strong improvement, up on all metrics YoY
- Continued to improve our food offerings across all Houses, such as the introduction of a new French bistro menu at Kettners, themed pop-ups at Greek Street, and a rotating offering on Berlin rooftop
- Successful re-launches of White City, Dumbo and Holloway House rooftops
- Launch of wellness Studio in Copenhagen & a new Teeny House in Brighton
- Increased quality and variety of events, combined with personalized event recommendations resulted in an almost 20% increase in member attendance YoY. Delivered first Soho House pop-up at Glastonbury and sell-out House Festival
- Opened Soho House Sao Paulo and Scorpions Bodrum in the quarter and announced the future openings of four additional Houses in Madrid, Milan, Barcelona and Tokyo

SOHO HOUSE & CO Inc.

Operational Excellence is Driving Profitability

Long-Term Guideposts

- Leveraging data and member insight to operate and scale efficiently
- Expanding In-House margins
- Operating discipline

Q2 2024 Highlights

- ✓ Achieved Adjusted EBITDA* of \$33m, up \$2m YoY. Adjusted EBITDA margins 11%, flat YoY, despite opening 3 large sites in 1H which have an initial negative impact on margins
- ✓ Delivered positive cashflow from operating activities
- ✓ Improved Food and Beverage margins YoY, despite continued cost inflation, with further initiatives that will benefit H2
- ✓ Identified significant opportunities to streamline business support functions

SOHO WORKS

Key Performance and Operating Metrics Evaluated by Management

Number of Soho Houses	The number of Soho Houses reflects the total number of Soho Houses in operation in any period, irrespective of whether each House is (i) controlled by us, (ii) operated through a non-controlling interest in a joint venture or (iii) operated through a management contract. We review the number of members from all Houses to assess new member growth, total House Revenues, and House-Level Contribution.
Number of Soho House Members	Member count is the primary driver of Membership Revenues and is also a critical factor in In-House Revenues as members utilize the offerings that are provided within the Houses. Soho House members include all active, frozen and non-paying members.
Soho House Member Retention	Soho House Member Retention is defined as the number of Adult Paying Members (being all Soho House members excluding child members and complimentary member) at the beginning of a period less the number of Adult Paying Members who cancelled their membership during that same period (without giving any effect to Adult Paying Members who froze their memberships during such period), as a proportion of total Adult Paying Members at the beginning of such period.
Number of Other Members	Other members include members of Soho Works and Soho Friends which are key to our growth strategy and enhancing our Soho House member experience. Like Adult Paying members, other memberships are an integral part of our business and we believe will have a significant impact on our profitability and financial performance in the future.
Frozen Members	Frozen members refers to Soho House members who have elected to suspend their membership payments on a six-, nine- or twelve-month basis during which period the member is not able to gain access to a Soho House site as a member, access our membership Apps, or book bedrooms or Cowshed treatments or products on discounted member rates. Frozen Members are not included in Adult Paying Members but are included in the total number of Soho House members.
Membership Revenues	Membership Revenues are comprised of House Membership Revenues (as defined below) and Non-House Membership Revenues (as defined below). House Membership Revenues and Non-House Membership Revenues are each comprised primarily of annual membership fees and one-time registration fees which are amortized over 20 years. The one-time registration fee is no longer applicable to new members admitted from April 4, 2022; see "House Introduction Credits" below. Membership Revenues are a function of the number of members, membership mix, and membership pricing. For GAAP, we report Membership Revenues only from Houses and sites in which we own a controlling interest. Our membership pricing varies by geographic segment and membership offering and, as such, our mix of House and Soho Works club openings can affect our revenue growth and profitability over time. Prices are generally higher in North America and the ROW compared with the UK and Europe. Membership Revenues provide a stable and recurring source of revenues which have few direct costs and, as such, is a reliable and predictable source of cash flow.

Key Performance and Operating Metrics

Evaluated by Management (cont'd)

House Introduction Credits	New members admitted from April 4, 2022 have been required to purchase House Introduction Credits as part of their membership, per the House rules. House Introduction Credits are credits of an equivalent value to cash within Houses and are redeemable to purchase food and beverage items, and bedroom stays, at the Houses. House Introduction Credits expire after the first three months from the date of issuance, where legally permitted in the regions we operate, if not utilized or if the Company terminates a member's House membership. House Introduction Credits are recognized upon issuance as deferred revenue on our consolidated balance sheets. Revenue from House Introduction Credits are recognized as In-House revenues when redeemed by members, and as breakage revenue within Membership revenues upon expiration or in the period that we are able to reliably estimate expected breakage to the extent that they are unredeemed, are recognized. House Introduction Credits expire three months from the date of issue.
House Membership Revenues	House Membership Revenues are comprised primarily of annual membership fees and one-time legacy registration fees from Soho House members which are amortized over 20 years. The one-time registration fee is no longer applicable to new members admitted from April 4, 2022, see House Introduction Credits above.
In-House Revenues	In House Revenues refer to all revenues realized within our Houses, and primarily includes revenues from food and beverage, accommodation, and spa products and treatments.
House Revenues	House Revenues is defined as Membership Revenues plus In-House Revenues, less Non-House Membership Revenues. Our management views House Membership Revenues and In-House Revenues as interrelated and their aggregation as important in tracking House performance. Although there is no minimum spend for any member on In-House offerings, in practice most members consume food and beverage, accommodations and other offerings at our Houses. The pricing of our In-House offerings is reflective of the fact that the significant majority of In-House offerings that generate In-House revenues are consumed by members who also pay a membership fee in relation to that House, with pricing of such In-House offerings being identical for both members and non-members.
Other Revenues	Other revenues are defined as total revenues that are not realized within our Houses, including revenues from Scorpios, Soho Works and our stand-alone restaurants, procurement fees from SHD, Soho Home and Cowshed retail products and other revenues from products and services that we provide outside of our Houses, as well as management fees from hotel management contracts for The Ned Sites and The LINE and Saguaro hotels.
Non-House Membership Revenues	Non-House Membership Revenues are comprised of Soho Works membership revenue, Soho Friends membership revenue and SOHO HOME+ membership revenue.

SOHO HOUSE & CO Inc.

SOHO HOME

SOHO WORKS

Key Performance and Operating Metrics Evaluated by Management (cont'd)

Active App Users	Active App Users is defined as unique users who have logged into any of our membership Apps within the last three months.
House-Level Contribution and Margin	House-Level Contribution is defined as House Revenues less In-House Operating Expenses, which includes expense items such as food and beverage costs, labor costs, variable overheads and fixed costs, such as rent. It does not reflect the impact of depreciation, amortization, impairment, gain or loss on sale of property, or general and administrative expenses. House-Level Contribution Margin is defined as House-Level Contribution as a percentage of our House Revenues and is a key determinant of our performance and profitability and our return on the investment we make in each of our Houses. Our management considers House-Level Contribution and House-Level Contribution Margin to be an important management measure to evaluate the performance and profitability of each House, and growth in aggregate House-Level Contribution allows us to leverage our general and administrative costs and improve overall profitability.
Other Contribution and Margin	Other Contribution is defined as Other Revenues less Other Operating Expenses, which includes expense items not related to the operation of Houses, such as labor costs, variable overheads and fixed costs, such as rent. It does not reflect the impact of depreciation, amortization, impairment, gain or loss on sale of property, or general and administrative expenses. Other Contribution Margin defined as Other Contribution as a percentage of our Other Revenues and is a key determinant of our performance and profitability and our return on the investment in our non-House business. Our management considers Other Contribution and Contribution Margin to be an important management measure.
Adult Paying Members	Adult Paying Members refers to all Soho House members excluding child members and complimentary members.
Net Debt	Net Debt reflects the total debt, comprising long-term debt, property mortgage loans and related party loans, less cash, cash equivalents and restricted cash. Net Debt is an important measure to monitor leverage and evaluate the balance sheet. A limitation associated with using Net Debt is that it subtracts cash, cash equivalents and restricted cash and therefore may imply that there is less Company debt than the most comparable GAAP measure indicates. Management believes that investors may find it useful to monitor leverage and evaluate the balance sheet.
Average Daily Rate (ADR)	Average Daily Rate represents the average rental income per paid occupied room
Revenue Per Available Room (RevPAR)	The key industry standard for measuring hotel-operating performance is RevPAR, which is calculated by multiplying the percentage of occupied rooms to available rooms by the average daily rate realized. Where this is presented on a like-for like basis, RevPar is adjusted for new or divested sites, for example Houses that were not open in the comparison period.
